Subject: Request for your delineation assistance in R8 Coloradomountains 8/20-22 or 23

Hi Mary Ann

(b) (5) (DP) There is a field visit Aug 20-22, meeting following field work on the 23rd which my staff Sarah Fowler will attend. So, first, if this piques your interest, are you available then? Second, I will pay the travel.

If, so far, you are interested and available, here are a few details.
Climax is a moly mine at the headwaters of the Arkansas, Blue, and Eagle Rivers at about 11-12,000 feet.

http://en.wikipedia.org/wiki/Climax_mine
http://www.fcx.com/operations/USA_Colorado_Climax.htm

(b) (5) - Deliberative

Please let me know if you are interested and available to help us out.

Thanks for considering our request.

Karen
